2008 Benefit Deer hunt for youth & youth hunters with disabilities ages 6-15, at the Mathewson Exhibition Center, State Fair Grounds. Oct. 31 Registration and November 1 Youth Deer Hunt, along with an Outdoor Sports Show. Times will be announced later.

ATTENTION LANDOWNERS

We are looking for landowners that would allow a professional guide, a child, one parent and one camera man to video tape the child’s deer hunt. Some of these children may have disabilities, some terminal, and may never get a chance like this in their life. By letting MO KIDS OUTDOORS come to your property, you are helping us with our mission to use education, expedition and conservation principles to put kids on the path to a lifetime of enjoyment of the outdoors. For this donation of your land for our 1-day event, you will meet with the guide on Friday, Oct.31st to give him/her directions to the property, show him/her the property to get familiar for a good place to hunt, and any rules you may have. You are also invited to the daily activities, information booths, product booths and seminars, along with our benefit auction.

Every participant signs a waiver. MO KIDS OUTDOORS is a non-for-profit company that carries insurance for all events.

If interested, please fill out this form and mail to 1408 S Barrett Ave, Sedalia MO 65301, e-mail to www.harryh3@sbcglobal.net or drop it off at KSIS/KSDL/KXXK radio station at 2209 S Limit, Sedalia MO.

Sincerely,
Harry Hoffert, President
